あとがき

Hello, this is Kuroda BB
Thank you very for purchasing volume one of A Channel
This is the first collected volume
So I went back and read through the story from chapter one
and it was shocking how much changes there have been
The drawing for instance
Tooru's supposed to be quiet, but she talks quite a bit now
スポーン
but once I started writing,
rather than airheaded she's become more of a nutjob with a loose screw
あさま
At first Run was a slightly airheaded, but loveable wonder
or that's how she was supposed to be
Well they haven't really changed
As for Yuuko and Nagi
Is there any setting you've got in mind?
he was determined to push his idea through
DEFINITELY SAILOR UNIFORMS!
when he first thought about this project
which means a school setting
Is kind of like this
SEIFUKU
SKIRTS
PLEATS
PLEASURE
The inside of BB's mind

or an instrument?
A Bike
Say it! say it!
Sailor uniform!
Chance!
But in the end, I was glad it could be a school concept
Say it! Ahhh,
Okay then
No
Nothing really.
Hm yeah
Lately
I couldn't say it.
Please read it on the toilet
I hope all of you enjoyed it as well, even if it's just a little.
And so I was able to draw a seifuku-filled A channel
With that, until we meet again.
WC
